

## Aerospace Engineer

Kids.gov: <http://go.usa.gov/cysgY> | YouTube: <https://youtu.be/YJBeiBTyk4>

1. What is the difference between the Hubble Telescope and the James Webb Space Telescope?
2. Where are all the science instruments located on the James Web Space Telescope?
3. What is the base (bottom) of the James Web Space Telescope called? What does it do?
4. What do NASA workers need to wear when inside the clean room?
5. Why is it important to keep the clean room absolutely clean?
