

Marine Pilot Answer Key

Kids.gov: <http://go.usa.gov/cjrsV> | YouTube: <https://youtu.be/d0NK3EXZtul>

1. Why is the Osprey aircraft so special?

A: The Osprey is special because it is a tilt rotor aircraft, which means that it is both a plane and a helicopter.

2. How do marines prepare the aircraft for a mission?

A: Young Marines help prepare the aircraft for missions by doing maintenance, fueling the planes, and make sure the aircraft is serviced correctly.

3. Which school subject is really important for marine pilots?

A: Math is really important for Marine Pilots because it useful for figuring out distances and fuels.

4. According to Captain Pete Benning, what is the best part of being a marine pilot?

A: Captain Pete Benning says that the best part of being a Marine Pilot is that something is always happening, changing, and there are always new missions.

5. How far in advance do marines prepare their aircraft for a mission?

A: Marines start preparing their aircraft days and weeks in advance of a mission.
