

Zoo Keeper Answer Key

Kids.gov: <http://go.usa.gov/cjgNj> | YouTube: <https://youtu.be/FmBBlodkKgw>

1. What are the first things zoo keepers do in the morning?

A: The first things zoo keepers do in the morning is check on all the animals to make sure they are okay and give the animals their medicines.

2. Why do zoo keepers hide food throughout the animal's habitat?

A: They hide food throughout the animal's habitat to encourage the animal's natural instincts and behaviors.

3. What is the reason for training zoo animals?

A: Training is done so that zoo keepers can check every part of the animal's body every day without having to touch the animal.

4. What does Kristen Clark say are the best parts of being a zoo keeper?

A: For Kristen, the best part of being a zoo keeper is just being a part of the animals' lives everyday and being responsible for their care.

5. If you are interested in becoming a zoo keeper, where should you start?

A: Kristen Clark suggests starting with dog walking or pet sitting and then becoming a keeper aid at the zoo.
